

*Aleksander Svyatkin is a representative of the French free University of Samadeva. Besides polytechnic institute he graduated from an institute of psychology and social work.*

*He started to study Yoga and other practice of self-development when he lost his life journey in 2002. He left his business in 2006 for studying the science of life, meditation and physical and relaxation practice, massage, yoga and energy practice under the most known teachers of our time in India, Germany and France.*

*"2 years of following Sathya Sai Baba teaching, 2,5 years of Osho teaching before I got acquainted with Gurdjieff movements and dances. I studied in India under the most known teachers of movements - Amiyo Devienne and Deborah Rose. I read all Gurdjieff's books and tried to follow his recommendations. But already understood that it is difficult to follow the way of inside development without a real teacher. I looked for him in India but found at the French free University of Samadeva.*
